Energy audits can yield big savings— How is your home performing?

For only a limited time, home energy audits are available. Energy consultants will come to your home, evaluate your energy saving opportunities and:

- Conduct a blower door test of your home's air leakage
- Perform an infrared scan
- Inspect your attic and wall insulation
- Recommend a heating system (if applicable)
- Conduct a combustion test on your water heater or heating system (if applicable)
- Install 10 LED light bulbs
- Discuss your energy usage

Schedule your visit at 800-776-0517
\$100 limited time offer (\$400 value)
